The G FIT AS is Laufenn's Grand Touring All-Season tire developed for the drivers of coupes, sedans, family minivans and small crossover vehicles looking for year-round capability and comfort. G FIT AS tires are designed to blend impressive treadwear, a quiet and comfortable ride and all-season traction on dry and wet roads, as well as in light snow.

The G FIT AS molds a long mileage carbon all-season tread compound into a symmetric design featuring noise reduction rib blocks, an optimized five variable pitch tread block design and chamfered groove edge tread blocks to improve ride comfort and reduce road noise. An optimized tire profile evenly distributes weight over the tire's contact patch, and tie bars connect the shoulder blocks to promote smooth, even wear. Four wide, circumferential grooves aid in evacuating water from the tire's footprint for wet traction while multiple notches and sipes provide the biting edges to enhance traction in light snow. The tire's internal structure features two wide, high tensile steel belts reinforced with a jointless nylon full cover to improve handling and treadlife.
