I have attached a diagram for the bumper parts for you to review. Here is breakdown on cost

Front Bumper

\$90.00 Over-riders #5 in diagram (quan. 2)
\$94.00 Bow #6 in diagram (quan. 1)
\$12.00 Mount Hardware #7 in diagram (quan. 1)

Rear Bumper

\$90.00 Over-riders #14 in diagram (quan. 2)
\$104.00 Left/Right Bow #16 in diagram (quan. 2)
\$12.00 Mounting Hardware #7 in diagram (quan. 1)

All these parts come in bare metal state so they will need to be painted to match the current bumper color on the Bus. Christian also does paint work so that will not be a problem. Supplier has all parts in stock, transit time to me is 3-4 days.

Thank You,

Chris

On 7/12/2013 10:26 AM,

Chris,

This looks great! What about the protective metal brackets that attach to rear bumper?

When can we proceed with work?

Good Morning Chris,

I hope this email finds you well. I am just checking on the status of parts for our Samba and when we might schedule installation/maintenance service?

We are striving to be a paperless office. 
Please consider the environment before printing this e-mail.
