

Hi Spencer,

Here is the notebook with handwritten entries by the 2<sup>nd</sup> owner of the 911 SC who owned the car from late 1985 until we bought it around 2013/14. This should be with the car's paperwork. There are no service records during his ownership as we understand he did most or all maintenance himself, so this book at least provides a record of the car's history during that period.

Thanks again,

David Swig
