Dear Mr. Hopkins:

This is in reference to your letter of 9 Apr 71. We regret that there was a misunderstanding regarding the issuance of personalized license plates to a vehicle not currently registered.

At the time an application for personalized license plates is submitted, it is not necessary for the vehicle to be currently registered. When the personalized license plates have been manufactured and possession taken, either an application for renewal of registration or the current Registration Card for the vehicle must be submitted.

The notice sent by the field office states that the plates and current registration card are to be presented for exchange of plates. Our procedural memorandum of 13 Aug 70 states in the General Operation Instructions that the current Registration Card is to be presented.

If you wish to retain the personalized license plates, please remit a fee of \$44 with a further Certificate of Non-Operation from 29 Jan 71. The other alternative would be to surrender these plates and a refund of \$25 may be issued.

Sincerely,

Irene Ridenour
