Dear Mr. Mallon:

Last April I wrote concerning the purchase of a new Pantera. You advised that they will be offered for sale in September, 1970.

Do you have any further information on this matter and possibly who may be handling them in the Baltimore area?

Yours truly,

Richard W. Sunderland

Dear Mr. Sunderland:

This will acknowledge your recent inquiry regarding the De Tomaso PANTERA and our plans for dealer representation.

Our plans are to offer the vehicle for public sale some time during the fourth quarter of 1970. Our plans also include franchising of selected Lincoln-Mercury dealers throughout the entire U.S.

The final plans for merchandising the Pantera are still in the formative stages. However, the car will be marketed through selected Lincoln-Mercury dealers located in major markets.

The exact introductory timing, pricing, and distribution details are still in the process of development. We will retain a copy of this letter on file and will contact you again when we have more definitive information available.

I hope this information will answer your questions. If not please feel free to contact me again.

Sincerely,

DE TOMASO OF AMERICA, INC.

Dear Mr. Wiskowski:

In response to your recent inquiry, I am enclosing a brochure on the de Tomaso Pantera.

Price of the Pantera is approximately \$10,000 at the port of entry, including air conditioning and cast magnesium wheels. The car is available in eight colors - red, blue, green, lime, white, yellow, silver and bronze.

I would like to thank you for your interest in the Pantera, and I am enclosing a list of dealers in your area whom you may wish to contact for further information.

Sincerely,

R. W. Pierdon

This Car Restored 1/01
Bought in Chino, CA. Found
this car in an old dirt
field in back of owners home.
2nd owner owned this car 18
yrs. I restored it with a lot
of hard work. Bought car from
2nd owner in 12/99. Originally
a blue car & I painted it
Lazee Red. Stripped to bare metal
