Just a quick note & pictures

Here are some pictures of what I've done so far. Leather seems to be in good shape so I don't see any problem. The foam is gone from the back of seats where the pleats are. I will refoam them picture # 7.

- ① Seats out of car
- ② Split threads
- ③ Bottom cushion bolster
- ④ Inside cushion cover bottom back
- ⑤ Writing on back side of leather
- ⑥ bottom of seat
- ⑦ back of seat back pleats
- ⑧ pulling threads out with tweasers
- ⑨ cutting threads with razor
- ⑩ Back of seat

(All this driver's side)

Copy of hand written notes on tear downs of driver seat will be sent with a bill at the end of this month
— leather repair & color next. —

NOTE ON LABOR RATES
 Labor Rate: High skill: Mech Tech/Metalwork/Paint/Fabrication/Upholstery \$100.00/hour
 Mid Skill: Body & Assembly \$85/hour. Base Skill: Polishing, Gen Prep, Detail \$65/hour

This is an estimate for the work described. It is not to be construed as a firm quote for the price contained herein. The nature of restoration work often requires disassembly beyond visual inspection at which time components can be fully evaluated. Additional work discovered during this process is beyond the scope of this initial estimate. **Please note our +/- 20% contingency included to address the nature of our work per our terms and conditions statement above the acceptance signature area of this estimate.** Additional time and/or parts and materials may be needed to properly complete the job. Should this occur, we will advise you, request approval, and amend the estimate accordingly. For this reason, the final price of the completed work may differ from the estimate as of this date.

I. GENERAL NOTES

See previous estimate copies for genesis of approach to project

183	VI. CHASSIS & SUSPENSION					
184	Wheels & Tires L03a					0
185	Remove wheels, dismount 4 tires. Medial blast and powder coat 4 wheels to restore silver finish. Refit tires, high speed precision balance with all weights fitted to the inside. Reinstall	2.00	170	40	1,200	1,410
200	WHEELS & TIRES TOTAL	2.00	170.00	40.00	1,200.00	1,410.00
291						
292	IX. WIRING & ELECTRICAL L06					
293	Checkout lights and battery draw per email attached.	1.50	150	200		350
309	TOTAL WIRING & ELECTRICAL	1.50	150.00	200.00	0.00	350.00
310						
311	X. STRUCTURE & BODY					
312	Chassis L07a					0
313	Scrape to remove undercoat in key suspect areas. Initial prod shows this has not started any serious decline yet but some added under seal over proper preparation along with some 3M RustFighter inner panel protectant will do a lot of good here. Some done to expose damage per lines 334-338	6.00	390	80		470
314	solvent soak and hot water pressure was per above to remove/smooth non-original coatings and sealers. Treat surface rust with conversion coating. Mask and apply textured underbody sealant to appear and function as original. Treat inner body cavities and rocker box sections with 3M Rustfighter	10.00	850	130		980
329	CHASSIS TOTAL	16.00	1,240.00	210.00	0.00	1,450.00
330	Body Structure L07b					
331	Remove and refit doors for repair, align and clearance	10.00	850	60		910
332	Fabricate and install new left lower 4" up outer skin door section	12.00	1,200	120		1,320
333	Clean and treat interior left door dress welds	4.00	340	40		380
334	Fabricate and install new right lower 4" up front and 12" seamed below accent line rear outer door skin section.	18.00	1,800	180		1,980
335	Fabricate and fit forward to near center lower door frame sections	12.00	1,200	120		1,320
336	Clean and treat interior right door dress welds	4.00	340	40		380
337	Fabricate and fit left rear trunk lid corner skin section	5.00	500	50		550
338	Remove seats interior kick and quarter panel trims, refit following body restoration. Scrape to remove coatings and mastics. Remove exterior rockers as needed to access inner rocker box sections. Replace corroded, structural inner rocker panels per photos, adjoining braces/supports (25 hrs. allotted to same, not visible at present but some decay likely) and adjoining floor sections (20 hrs. allotted). Re-affix exterior rockers (replace if more cost effective & 14 hrs. additional to fabricate).	90.00	9,000	900		9,900

339						0
341	Repair/replace jack point braces behind jacking stations and pads per photos below. Typical, all 4 need attention	24.00	2,400	240		2,640
342						0
343	Replace left and right forward body to chassis platform mounting stations.	14.00	1,400	140		1,540

699						
700	XVII. ADDITIONS					
702	5-4-12: PENDING POST FINISH TESTING: Added time to completely remove/refit glass, door jamb trims and trunk/hood gutter fittings and all hinged body panels as needed for complete strip-refinish replacing seals/fasteners as and where needed on assembly	16.00	1,360	680		2,040
703	Strip existing finishes to bare metal addition due to quantity of material on vehicle. (3x finishes, heavy film layer). Plastic medial blast to clean surfaces and prepare jamps and gutters.	10.00	850	120		970
704	 					
705	Remove front and backlight glass completely (seals too hard and will not allow compression strips out without damage). Remove door and 1/4 glass as we not corrosion that should be treated under door and 1/4 cap moldings and this will make a better job of it. Refit all with new seals and "fuzzies".	32.00	2,720	540		3,260
706	Headliner....the only "tatty" element of this nicely worn and comfortable interior. Much lower dollar now to do with consideration of line 705 and glass removal. For consideration but about 12 hours plus around 600.00 in materials or 1800.00 will see a new headliner installed. its about 30 hours to do later.					
707	Replace complete outer section of lower rear valence to correct poor previous patch.		-			0

708		15.00	1,500	150		1,650
709	Replace poorly patched left and right front fender aft of axle to rocker seam.		-			0
710		16.00	1,600	160		1,760
711	Replace small left and right outer wheel arch corrosion areas		-			0
712		5.00	500	50		550
713	Repair and reinforce cow/firewall panel cracks on left and right rear engine bay wall.		-			0
714		6.00	600	60		660
715	Remove fuel tank and lines to facilitate rear lower body panel restoration. Refit	8.50	850	50		900
716	Replace exterior rocker panels and related interior brace panels on a sectional basis estimate capped basis per figures right	42.00	4,200	550		4,750
717	8-14 Add'l to recore radiator		-		1,000	1,000
718	8/20/2012 PENDING: With complete strip of car ALL surfaces including factory original seams etc need straighten and glaze. Magnitude and scope with strip significantly larger.	40.00	3,400	400		3,800
719	8/20 PENDING AS WITH ABOVE: Scope of sanding the polyester filler increased with strip	30.00	2,550	300		2,850
720	8/20 PENDING AS WITH ABOVE: Scope of final primer application and sand increased	30.00	2,550	300		
721	8/20 PENDING AS WITH ABOVE: Scope of paint time increased	10.00	1,000	350		
722	8/20 PENDING AS WITH ABOVE: Scope of final colorsand, comound and polish increased	20.00	1,700	100		1,800
723	 Replace corroded (and perviously disguise patched) right floor section.	12.00	1,200	120		1,320
724			-			0
725	TOTAL ADDITIONS	282.50	26,580.00	2,930.00	1,000.00	31,510.00

ACCEPTANCE

I do hereby authorize the preceding repair/restoration work to be done along with all necessary parts and materials. You and your employees may operate the vehicle for purposes of testing, inspection and delivery at my risk. An express mechanics lien is acknowledged on the vehicle to secure or partially secure the amount of repairs thereto. It is understood that I will be held responsible for any cost of collection or legal expense in any way relating to these repairs. I agree to that any controversy or claim arising out of or relating to this agreement, or the breach of this agreement, shall be settled by arbitration in accordance with the rules of the American Arbitrations Association. A judgment of a court having jurisdiction may be entered upon the arbitrator's award. I agree to pay interest on any balances remaining unpaid after 30 days at the standard Automotive Restorations Inc. invoicing rate applicable to the period of time the debt exists. It is also understood that Automotive Restorations Inc. it's officers, agents or employees will not be held responsible for loss or damage to cars or articles left in cars due to fire, theft, or any other cause beyond their control. I will maintain insurance on the vehicle for the period of time it is in the custody of Automotive Restorations Inc. Parts, materials and labor prices are current and subject to change. Occasionally worn or damaged parts/areas are discovered which are not evident on initial inspection. For these reasons the above prices are not guaranteed. The figures provided are an estimate of the time needed invoiced at our labor rate, plus the cost of parts and materials expected to be required. Due to the nature of restoration work all figures given are offered as guidelines only and are subject to a +/- 20% cost range for the specific parts/labor/materials described in this document. We may find work, parts and materials needed that are not described in this document. Should this occur, we will advise of any additional work needed not described herein to seek authorization prior to undertaking repair.

I HAVE READ THE FOREGOING AND AGREE TO THE TERMS STATED THEREIN.
