Jim

Dear Sir:

6-8 weeks  
In answer to your inquiry concerning a wiring harness for your 1947 Chrysler, we would like your old wiring to use as a sample. We have made a harness for this model car, but it was a convertible. The harness would be \$250.00 plus shipping and sales tax.

We hope we may have the pleasure of serving you further.

Sincerely,

Dear Wayne:

I received the wheels and jack today. Presume you didn't have any luck.

The following is a recap of the items on back order and paid for.

1) Exterior Trim

Front grill top bar ✓  
Coupe, left tail light housing ✓  
Windshield, center chrome trim ✓  
Cowl mirror mounts (L&R) ✓

2) Interior Trim

"PANEL LIGHT" knob ✓  
Steering post draft pad ✓  
Roller-type door jam holder ✓  
Door jam arrester pins (3) ✓

3) Engine

Remote heater valve ✓  
Horn mount lamination brackets (2) ✓  
Cove-style head bolts (2) (Not Paid) ✓

Wayne Lundstrom  
May 1, 1979  
Page 2

Additionally I requested an old hinge-style locking gas cap and two square-style fog lights if you can find them. ✓

The jack you sent is a strange one. Maybe you mixed my request with another. I'm sending you another picture, ✓ enclosed, of the stock jack and plate. I sand blasted the one you sent for you. Please send the above as soon as possible. Thank you.

Very truly yours,

Wayne-

I'm returning a bird, trunk handle & body and a smashed fog lamp body (see if you have this style). I need a straight back up lamp body (lens also) and straight fog lamp bodies which are re-chromable.

I'm enclosing \$50.00 on the new PO TC-4715. You may not have everything so you can keep the difference on account for us.

We could use a perfect center horn bezel and front name plate (especially the enamel parts).

I'll ship the other duplicate parts back as soon as they have been de-chromed and checked. Thanks again.

Dear Wayne:

So far the "Bird" and brake lite frame look better (returning the old ones).

I'm going to strip the tail l~~ie~~e frames, however the LH unit you sent (LH sedan) is a differant shape. Please find me another (LH coupe) frame. See inside of the casting for description.

I'll strip the frames, f/fender trim, grill, and handles, keep the best pot metal, coat and return the balance.

I'm also returning the arm rest. You sent one last time but without the tapped back bar (usually fa~~ll~~s behind the interior door panel when rest removed). If you can dig out a back bar I would appreciate it.

Dear Mr. Stevenson

The enclosed statement represents the financial terms of our recent agreement. As agreed I am remitting \$1,000.00 to your landlord, Richard C. Hunsaker, representing current rent for the period December 15-31, 1979, as agreed with yourself and your landlord. Miss Hunsaker further agreed to defer your \$5,000.00 past due balance over a period and at such terms that will be mutually acceptable to both of you.

We have agreed that my 1947 Crysler Town & Country sedan will be completed and available for pickup no later than January 15, 1980.

We further agreed that in return for this additional support and agreement and other services relating to other customers you will restore an automobile of mu choice at a cost not exceeding initial purchase price.

Having not received your written reply to the contrary by December 21, 1979 this letter confirms our agreement. Your negotiation of the enclosed check 2210 for \$500.00 also confirms this agreement.

Very Truly Yours

Dear Miss Hunsaker,

Per our discussion I am enclosing our check #2211 for \$1000.00) in payment of rent on 2750 Regal Park Drive for the account of Smith and Master Coachworks et al (tenant) for the period December 15-31, 1979. You agree not to file nor cause to be filed any action against tenant for non payment of rent, prior to January 10, 1980 and then only if another \$1000.00 check has not been received between now and January 10, 1980

As agreed the \$5000.00 of total past due rent shall be deferred by you for a period not less than sixty (60) days, the terms and conditions of which shall be mutually acceptable to yourself and tenant.

Bridgewater does not guarantee any tenant rent, payment or debts of any kind in this accommodation.

Your negotiation of the enclosed check 2211 for \$1000.00 is confirmation and acceptance of the above terms and conditions.

Very Truly Yours

Dear Rich:

Thanks very much for your time and thoughts on the work you are having done with Master Coach Works. Like yourself I am very interested in the quality of the work that will be produced.

Any data, photos etc that you can forward to me will be appreciated. In reciprocation I will be happy to make an inspection of the car in Yarmouthport, Mass. that you mentioned. It will be a nice trip to Cape Cod for my wife and family. Just set it up with the owner and I'll be on my way.

I'll be looking forward to hearing from you and remain,

Cordially,

Dear Mr. Stevenson:

I am glad to hear of your progress with our #7 Crysler  
T & C.

Please send the following hardware back to us for  
sandblasting and (or) refinishing:

1. Door framing brackets
2. Front door weather strip (bolt on)
3. Center body hold down studs

As agreed the front door hinge pins must be pulled, holes  
oversized, and new pins installed, all prior to door  
fitting.

Shoot the sand blasted metal cowl with lacquer primer  
(inside, under and outside) and shoot the bottom with  
several black coats, all after the metal pan repairs.

Your suggestion to ship the cowl the week of March 19,  
leaving the doors, deck lid, rack, and interior trim  
with you until completion the following month is acceptable.

Dear Mr. Stevenson:

Per our January 25, 1979 telephone conversation you were to mail a detailed shipping schedule January 29, 1979. Please double check and confirm it was mailed on time.

Also we have not received your progress reports as promised December 15, 1978. As you are aware there is a significant penalty involved should we not achieve the promised delivery schedule.

The structural components (including: frame brackets, supports, etc.) have been ready since November, 1978 while chrome trim components need only final buffing. Interior wood trim is being held until the body is remounted.

Your expeditious reply would be appreciated. Thank you.

Dear Mr. Stevenson:

This letter outlines our mutual understanding regarding the wood reproduction services to be provided by California Master Crafters, Inc. and yourself.

Bridgewater Associates shall deliver a 1947 Crysler Town and Country four door sedan body cowl, on or before October 30, 1978, for the purpose of Master Crafters performing complete reproduction of the body wood with premium grade, hand selected ash.

Bridgewater shall pay Master Crafters, or its designee, Four Thousand Dollars (\$4,000.00) for the total wood restoration services which shall include, but not be limited to; disassembly, cowl dip-stripping and priming, all structural and trim wood parts and accessories and shapping and fitting, assembly (including all fitting to body and accessories) and final finishing. Above payment shall be made according to the following milestones:

- \$ 500.00 Cowl stripped and primed (work finished no later than November 15, 1978)
- 1,000.00 Wood parts finished (work finished no later than December 15, 1978)
- 1,500.00 Wood parts assembled, accessories installed (work finished no later than January 15, 1979)
- 1,000.00 Wood final finished (work finished no later than January 31, 1979)

Master Cosch Works Inc., will require a \$1,500.00 deposit to cover the cost of wood and dipping the above mentioned Town & Country sedan.

Mr. Earl Stevenson  
September 19, 1978

All materials including wood, fasteners, and finishing materials plus all labor shall be included by Master Crafters in the above price.

Master Crafters shall advise Bridgewater of the milestone achievements by submitting an invoice per the above schedule. Bridgewater reserves the right to inspect the work in progress as to quality and schedule during normal working hours.

Master Crafters agrees to deliver a quality of wood reproduction adequate to score 90-100 show points.

Master Crafters shall retain the old wood as patterns for future projects.

Please acknowledge the above by executing the enclosed copy of this letter and returning it. Thank you. We are looking forward to a mutually profitable future.

Very truly yours,

Enclosed is the revised check for the \$1,500 deposit and the initiated contract.

It may be advantageous to sand blast rather than vat strip. This will greatly reduce stresses from moving so much.

The weld work and filling can then be completed and several lacquer primers can be sprayed. I'll send you some finish color for inside and edge shooting.

Re: 1947 Crysler Town & Country, C-38, 4-Door Sedan

Dear Mr. Stevenson:

Thank you for your phone call today. As discussed we are considering your offer to reproduce, install and finish all of the ash on our Crysler T&C for \$4,000.00 plus the original patterns.

As mentioned we want to develop a relationship with a shop who can reproduce the wood on our projects.

We would anticipate shipping the cowl on our carrier to your shop so would need your estimate of total time required. We would include refinished hinges, door regulators and handles, hardware and new weather stripping with the cowl to allow you to properly refit all parts.

Please keep in touch with us on your scheduling

Very truly yours,

Mr. Earl Stevenson  
President  
California Master Crafters, Inc.  
970 East Orangethorpe  
Anaheim, CA 92801

Dear Mr. Stevenson:

This letter outlines our mutual understanding regarding the wood reproduction services to be provided by California Master Crafters, Inc. and yourself.

Bridgewater Associates shall deliver a 1947 Crysler Town and Country four door sedan body cowl, on or before October 30, 1978, for the purpose of Master Crafters performing complete reproduction of the body wood with premium grade, hand selected ash.

Bridgewater shall pay Master Crafters, or its designee, Four Thousand Dollars (\$4,000.00) for the total wood restoration services which shall include, but not be limited to; disassembly, cowl dip-stripping and priming, all structural and trim wood parts and accessories and shapping and fitting, assembly (including all fitting to body and accessories) and final finishing. Above payment shall be made according to the following milestones:

- \$ 500.00 Cowl stripped and primed (work finished no later than November 15, 1978)
- 1,000.00 Wood parts finished (work finished no later than December 15, 1978)
- 1,500.00 Wood parts assembled, accessories installed (work finished no later than January 15, 1979)
- 1,000.00 Wood final finished (work finished no later than January 31, 1979)

\* Master Crafters will require \$1500.00 to cover cost of wood and dipping.

RECEIVED OCT 13 1978

Mr. Earl Stevenson  
September 19, 1978

All materials including wood, fasteners, and finishing materials plus all labor shall be included by Master Crafters in the above price.

Master Crafters shall advise Bridgewater of the milestone achievements by submitting an invoice per the above schedule. Bridgewater reserves the right to inspect the work in progress as to quality and schedule during normal working hours.

Master Crafters agrees to deliver a quality of wood reproduction adequate to score 90-100 show points.

Master Crafters shall retain the old wood as patterns for future projects.

Please acknowledge the above by executing the enclosed copy of this letter and returning it. Thank you. We are looking forward to a mutually profitable future.

Very truly yours,

Load of cheap wheat on my 1930 MODEL AA FORD TRUCK, its worth about \$82.00 a Ton where as Peanuts are worth about \$420.00 Per Ton, sure wish it was a load of NUT'S on my truck instead of cheap wheat since Mr. Carter had to get a part time job in Washington, D.C. for his SUBSIDY, he wont work for peanuts anymore.

SUBJECT Your letter of 1-5-79 Rec.  
& check #1618 for \$76.58. Enclosed

Dear Mr. Minchen:

I sure ~~has~~ hell hate to have to return a check, but your's #1618 is enclosed, as I only had one of the complete springs with cover, part #1135896. I am sorry about that.

In checking other springs I have, I do have two 869280 rear springs complete, they are same length of spring as the 1135896, and same width spring & also have same number of leaves, (Eight Leaves) Both number of springs are 1-13/16 wide. (Inches). The only thing is the 869280 is with out cover. The 869281 number is same spring with cover, but the 869280 dont have the cover on it. Both fit a number of year's car's. The parts books call for serial numbers of the car's, just what might be the difference I really cant tell you, I think either of the part number springs I have will work all right, but I sure dont want to guarantee it because of the serial numbers required in the parts books. How many leaves in your old springs?

I also only have one of the shock absorber studs, Part #1119674, so it looks like I am short all way around with you.

Thanks for your letter, order & check, but since I cantfullfill the order, am returning your check, excuse all the damn typewritten mistakes, its seems like my fingers all thumbs this P.M.

If you still want the shock absorber stud, and the one spring, 1135896 or the two complete springs with out cover's 869280 and want to take a chance on either of the springs, let me hear from you. If you old springs has more leaves then the 8 in mine, its possible you can add some of your old leaves to my new springs, if that will suit you. Thanks Your's, C. D. Murray

OVER!! C.D. Murray

C.D.M.

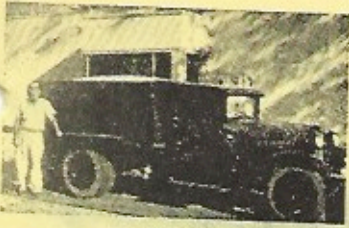

Dont wait too long in answering this letter if you want any of the springs I still have in stock, I just received another letter same day as your's about rear springs for a De Soto which these will fit also from a Mr. S. J. Davies, 2 Kennedy Plaza, Apt. 414, Utica, N.Y. 13502. Both letters will go out on same mail today.

DATE Wednesday P.M. 12-27-78

SUBJECT Your letter of 11-27-78 R

Dear

My darn ribbon was getting so dim I had to install a new one so I can correct all the mistakes Ill make in hitting the wrong keys with my big fingers.

I am sorry I am so late in answering your letter, but my wife and I left Nov. 18 for trip back to Annapolis, Md. to visit daughter & family over Thanksgiving, and we stayed longer than planned. When I got home I had 38 letters waiting an answer plus fact from 1 to 3 each day since getting home, I am trying to answer them as per post mark, except for 2 that had checks in them, so got the order's off first. So bare with me as Ill always answer letters wheather I have the parts or not as long as a S.S.A.E. is enclosed. Better late then never.

I was a De Soto and Plymouth dealer for years, my books run from 1936 thru 1958 all Chrysler vehicles includeing Dodge trucks. A good many 6 cyl. Chrysler parts were same as 6 cyl. De Soto excludding Body parts of which I never carried anyway as use to be able to call Denver late in P.M. and have next A.M.

1119674 Shock stud I do have, last price I had on it was from 1966 price book at \$1.95. Please add 20% extra for postage or UPS shipment & packing.

866627 I dont have, but I do have later part No. which probably would fit, 1135896, its 53-5/8 inch long from center of eye to center of eye. It is with the cover. Last price I had on it was from 1966 price book at \$29.95 plus 20% for UPS shipment if you want to take a chance on it. Rear springs would fit about all the cars for years till they came out with the wider springs with less leaf in 1955. So I sure dont want to guarantee this one is right one for your car, am guessing when I say I think it will work all right. All other springs I have in stock is for older models with out covers.

I did have a lot of rear fender chrome welt, but shipped it all to Minn. last year.

I am out of the genuine oil filter's, number on your list but you should be able to pick up one from a jobbing house for the car though. 1123387 Chrysler No. or P-82 Purolater No. PF-319, AC No. CH192PL, Fram No. PC-62NP Wix No. or RP-66 is Walker Deluxe No. Any of those numbers will fit your car if it has the full flow oil engine filter. Maybe the numbers will help you locateing one.

I am sorry I am not much help to you this time, but thanks for writeing, let me hear from you anytime and hopeful I can answer you quicker the next time as am not planning any more trips till I get my income tax paid, then probably wont have enough left to leave the county.

Your's

C. D. Murray
