*** Continued work from RO 124259 ***

Upon further inspection found engine requires full rebuild due to low compression / leak down on all cylinders - number 6 being the worst. (#11 - 20%+; #6 - 30%+) Also found cylinder sleeves on all cylinders to be worn and require replacement. Additional inspection of bottom end found thrust bearing wear - requires replacement. Sent engine to specialty engine rebuilding. Performed rebuild of engine per factory specifications with enhanced components (liners / pistons). This service included head rebuild per factory specifications.

Once received, performed installation per factory specifications with rebuilt clutch assembly and rebuilt carburetors (x6). Performed initial test run and found engine to be now running. During fluid bleed procedures found power steering to no longer be producing pressure. Performed power steering pump rebuild and system bleed. Found engine to now be fully operational and comparable to a similar make and model of Lamborghini.

ADDITIONAL NOTES

WARRANTY DISCLAIMER ALL PARTS AND ACCESSORIES ARE SOLD AND ALL REPAIRS ARE PROVIDED BY THE DEALERSHIPAS-IS. THE DEALERSHIP HEREBY EXPRESSLY DISCLAIMS ALL WARRANTIES, EXPRESSEDAND IMPLIED, INCLUDING ANY IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, AND NEITHERASSUMES NOR AUTHORIZES ANY OTHER PERSONTO ASSUME FOR IT ANY LIABILITY IN CONNECTION WITH THE SALE OF PARTS OR PRODUCTS OR ANY REPAIRSTO THE VEHICLE.
