**Austin Healey 100S Reg No. 005  
OWNER'S STATEMENT - NOVEMBER 1992**

**"AHS 3802 was despatched to Royston Distributors Inc, USA on 15 April 1955. It was bought by a Navy dentist, Fred Losee who took it with him to New Zealand in 1958. Losee raced the car extensively throughout New Zealand before selling it (through a dealer) to Ernest Timms of Timaru in 1960. Timms raced the car in local events until he sold it through Tony Shelly to Graeme Collett. While in Shelly's hands it was raced by a number of people at meetings throughout the North Island of New Zealand.**

**The cars passed through various hands as shown on the "Certificate of Registration" before Murray Wells bought it 'unseen' from Nick MacFarlane. Wells had it shipped to Australia in 1981.**

**The car was first raced in historic events in Australia by Ian Pope of Sydney. Subsequently, Wells raced it at various meetings in and around Sydney and still uses it for 'regularity trials'.**

**At some time the car was fitted with a full windscreen and side screens. It was painted red by Philip Eglinton (it was yellow when he acquired it). He also fitted the grille from 3601 (3802 had suffered a front-end crash and was fitted with a standard 100/4 front shroud). MacFarlane carried out some restoration work and Wells has rebuilt the engine and gearbox. The grille has been returned to 3601 and a new 100S grille has been made up and fitted."**

Owner's Statement signed and dated by Murray C  
Wells on December 1st 1992.

Owner at date of CHVR registration:

Murray C Wells, 28 Canberra Crescent, Lindfield,  
NSW, Australia, 2070.

Documentation supporting Owner's Statement  
provided with CHVR application.

Signed for CHVR

REGISTRAR

A handwritten signature in black ink, appearing to read "Ian Berg", written over the printed text "Signed for CHVR".

Date: 29/12/1992.
