RE: 1958 Demler Special Indy Car

Dear

This letter is to confirm that I did much of the restoration work on the #99 Demler Special during 1997. I worked on the frame and body in my shop here and worked with Phil Reilly & Co. on other parts of the car. This is the car I designed and built for Norman C. Demler of Niagara Falls, NY in January - April, 1958.

Sincerely,

A handwritten signature in cursive script that reads "Quin Epperly". The signature is written in dark ink and is positioned above the printed name.

Dear

Here is the letter from
QUIN regarding the Dealer.
I sent him two copies and
it looks like that was a
good idea! Also, a photo
of the car at QUIN'S shop
last year — The big
industry in the background is
Rodeck where they make engine
blocks.

See you soon,

Phil

PS He was most appreciative of the check.
