PRESIDENT/C.E.O.

August 8, 1991

To Whom It May Concern:

This letter will serve as notification of our intent to purchase from Brent Joiner, one 1983 Ferrari Boxer, serial number 47417 for \$150,000. This price includes shipping charges to Portland, Oregon.

The following items are to be provided by the seller to the purchaser:

1. Two complete sets of wheels (one wire wheel set, one original set)
2. Seat covers
3. All books, manuals, and tools in tool satchel
4. Documents/information from the first owner
5. Documents/papers from subsequent owners
6. Odometer statement from previous owners
7. EPA and DOT releases

All paperwork is to be Federal Expressed to the U.S. National Bank of Oregon, 12203 N. E. Glisan Street, Portland, Oregon 97220, Attn: Dana. Upon receipt of the documents, payment of \$150,000 will be wired to the seller's bank.

This intent to purchase is subject to all of the above conditions being met.

Signed: \_\_\_\_\_

**ODOMETER DISCLOSURE STATEMENT**

Federal law (and State law, if applicable) requires that you state the mileage upon transfer of ownership. Failure to complete or providing a false statement may result in fines and/or imprisonment.

I, Joseph R. Pepe (transferor's name, Print)

state that the odometer now reads 6160 (no tenths) miles and to the best of my knowledge that it reflects the actual mileage of the vehicle described below, unless one of the following statements is checked.

(1) I hereby certify that to the best of my knowledge the odometer reading reflects the amount of mileage in excess of its mechanical limits.

(2) I hereby certify that the odometer reading is NOT the actual mileage.

To Ron Loukin

This will verify Brett Jaim's representation to you that the 512 Boker we are in process of selling to you has never been in any accident while we owned the car. The right rear tire blew out and caused some minor damage to the surrounding panel which was appropriately repaired.

Dear Rick,

**Ferrari 512 BB & 512 BBi**

Thank you for your enquiry and interest in a QuickSilver Exhaust System for your Ferrari.

---

We offer a choice of systems for your 512 :

**Manifolds** (picture FE045) - Accurate stainless steel replicas of the original parts with all the integral fittings.

**Standard System** (picture 512BBstandard) - This is an extremely accurate replica of the original 4-part exhaust. We include all the original design detail, the ribbed muffler casings, seams and with polished stainless Tips - to satisfy the most earnest judge.

**'Quicksilver Sports'** (picture 512BBsports) - This system has two silencers and is

based on the 'ANSA Sport' system that was an option when the car was new. As well as even better flow and a wonderful sound this has the benefits of lighter weight (- 8 kilos) and much better heat dissipation.

---

Generally we describe our '**Sports**' systems as having all the benefits of a stainless steel system together with better flow and more sound. They can be used regularly around town and should pass scrutineering at track events.

But there are many customers, like yourself, who want more....

Our '**SuperSports**' system has even better flow and yet more volume especially as the revs rise. The most distinctive sound but (driven sensibly) not loud enough to be offensive. These systems are particularly aimed at those drivers who really want to have the most sensation when driving their Ferrari.

We have your system in stock and these are available through our USA distributor.

All our exhaust systems are manufactured entirely from type 304 austenitic stainless steel and come with our Twenty Five Year Guarantee - here since 1973. I have also attached a picture of a 246 sports system so you may see the quality of our products and workmanship.

I trust that this will meet with your approval.

Please contact me directly with any further questions you may have.

Best regards

Peter Upton
